COMMERCIAL & INSTITUTIONAL
LIGHTING RANGE

PRICE LIST 2024

wef: January 01, 2024

30+
YEARS OF WIPRO LIGHTING

Our 30+ year journey in lights is now no longer about just lights. At Wipro Lighting, we believe that innovation is in our DNA. From setting new benchmarks in landscape lighting, to being the first lighting company to be associated with the green movement; to so much more. It is lighting that does far more than ordinary lighting is capable of far more than most envision lights can do.

Our customer-centric approach to solutioning has been our biggest inspiration to innovate. Today, Wipro Lighting provides best-in-class commercial and institutional lighting solutions.

The ever-evolving Wipro Lighting range includes

High efficiency LED luminaires

Lighting management systems

Lighting for green buildings

High efficacy solutions for industrial lighting

Complete outdoor, streetlight & floodlight range

The **Internet of Lighting (IoL)®** platform by Wipro Lighting provides comprehensive, smart & connected lighting solutions, for indoor and outdoor lighting applications.

Wipro Lighting is proud to be the leader in lighting for green buildings. In fact, we have a 55% share in the category. We are committed to lead the transition to a greener approach for all development, to create possibilities for a brighter future and a cleaner planet.

MODERN WORKSPACES

Suspended Luminaires

Do up your offices in style

Linear profiles are best to use, when they flow with the lines in architecture. Linear lighting solution by Wipro Lighting, looks exciting with the connectivity options it offers. It does open a lot of avenues to experiment and play with light.
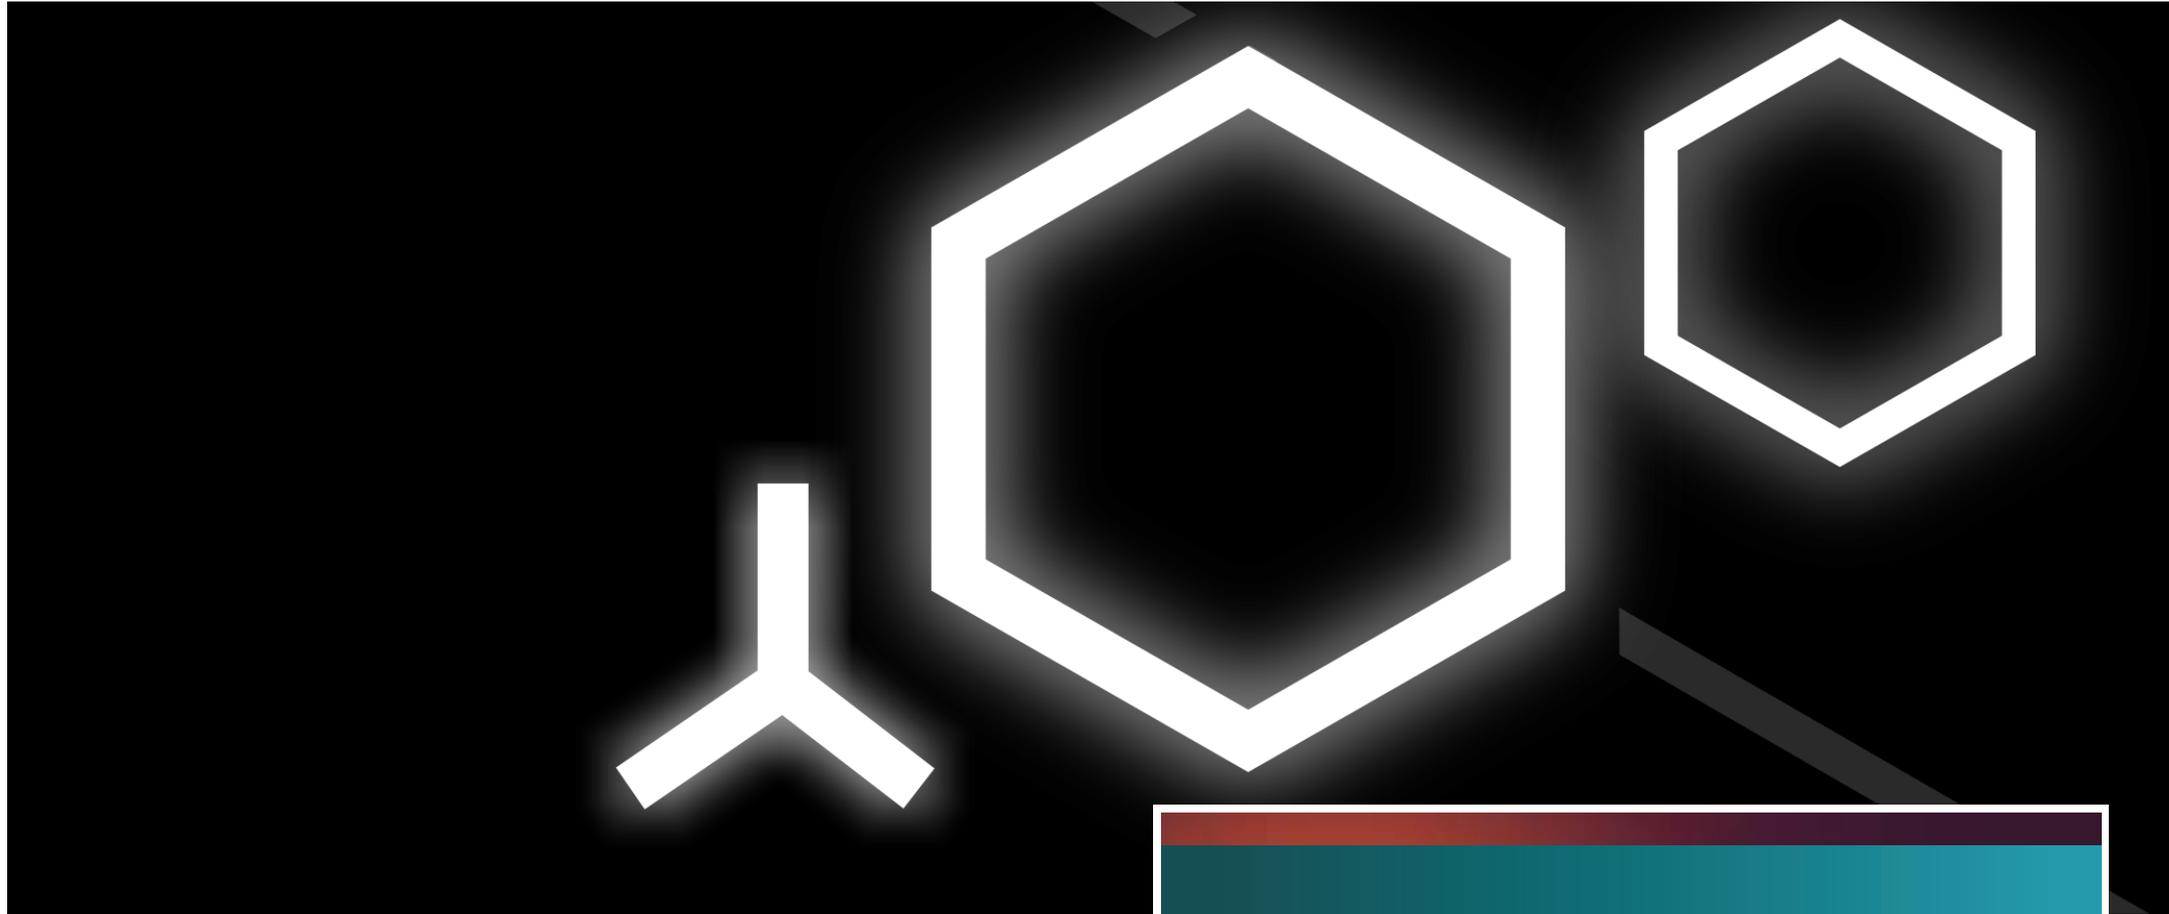

GEOMETRY

Wipro's Geometric Lighting Solutions-Infinite Possibilities

Geometric shapes in interior design have been on trend for the past few years. In architectural lighting, usage of these shapes has always been a case of going down the route of made to measure lighting systems.

The growing popularity of the geometric shapes has inspired us to bring a new range of products. We emphasize on combining designs, aesthetics and efficient light output keeping the visual comfort in the center of the element.
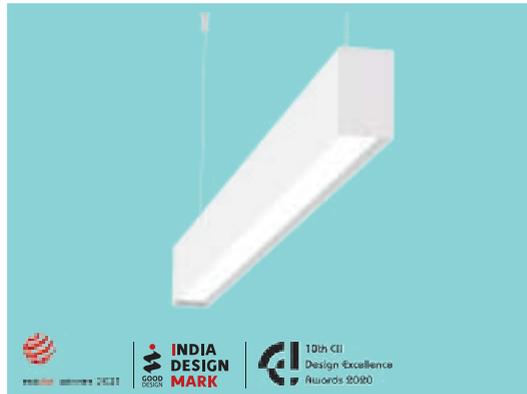

Stylus | LM43

Linear suspended luminaire with inset 12mm profile and glare controlled beam angle, for visual balance.

Catalogue Reference No.	Wattage	CCT	Length	LP ₹
LM43-491-XXX-57-WX	30W	5700K	1200mm	₹19,690
LM43-971-XXX-57-WX	60W	5700K	2400mm	₹23,050

MODERN WORKSPACES

Recessed Luminaires

Our recessed lighting fits attractively into all kinds of ceilings and can be utilized for commercial, office, and retail spaces. Recessed luminaires offer the opportunity to transform your workplace into something extraordinary while taking care of your illuminating needs.

Using recessed lighting can accentuate cabins and workstations, highlight artwork, create dramatic shadows, and give the workplace a clean, sophisticated and well-lit look.

DOWNLIGHTERS

Stunning visual experiences
adding vibrancy to indoor spaces.

Commercial interior design has evolved
over the past few years, creating
a vast difference in workspace dynamics.

Lighting is an often overlooked and
underappreciated, aspect of the business.
In reality the right light has the ability
to create a positive environment for more
productivity and ultimately more profits.
The colour of lighting possesses the power
to enhance and influence the presentation
in various areas: supermarkets,
art galleries, etc., making them look more
appealing to the eye.

NOT JUST LEADING THE WAY, ACING IT TOO!

FOKUS+

A rich symphony of elegance and efficiency

Fokus + is a range of downlighters for commercial spaces that adapts to core functional as well as collaborative spaces. Flexible design provides options in sizes, wattages, colour and optics as per application. Unique ring modules combines with the downlighter to achieve ambient and focused lighting effect. With our latest Fokus+ lighting solutions, we are on an odyssey to create inspiring designs, engineered to the highest standards of quality and style quotient.

Fokus+ (Round) | LD07

[MIND + BODY + LIGHT]
Human Centric Lighting

Wipro Lighting's alliances, with international technology companies, have made its offerings a major differentiator that has evoked a revolution in work lives.

We have collaborated with Cisco for Power over Ethernet (PoE) based lighting solutions and human-centric lighting solutions for new-age workspaces, enabling improvement in workspace productivity and enhanced employee wellbeing.

Our partnership with pure Li-Fi, Scotland, will deliver high-speed and secure data transmission through LED luminaires.

We have entered into partnership agreement with 3 prestigious technology brands - Igor, USA, for its smart and connected lighting products; with Schreder, Belgium, for premium and latest IoT based outdoor solutions; and with Mapiq, Netherlands, for smart workplace solutions.

inSync™ with the Circadian Rhythm

The **WELL Building Standard™ (WELL)** provides guidelines that minimize disruption to the body's circadian system, enhances productivity, supports good sleep quality and provides appropriate visual acuity. In line with these, Wipro Lighting has enhanced focus on **inSync™** - our **human-centric lighting solution,** intended to promote a person's wellbeing, mood and health. It can improve concentration, safety and efficiency in workplaces or educational environments.

By changing the colour and/or intensity of light, we provide bio-dynamic light, based on human circadian rhythm, for increased employee concentration, cognitive performance, alertness and general wellbeing.

POWER OVER ETHERNET
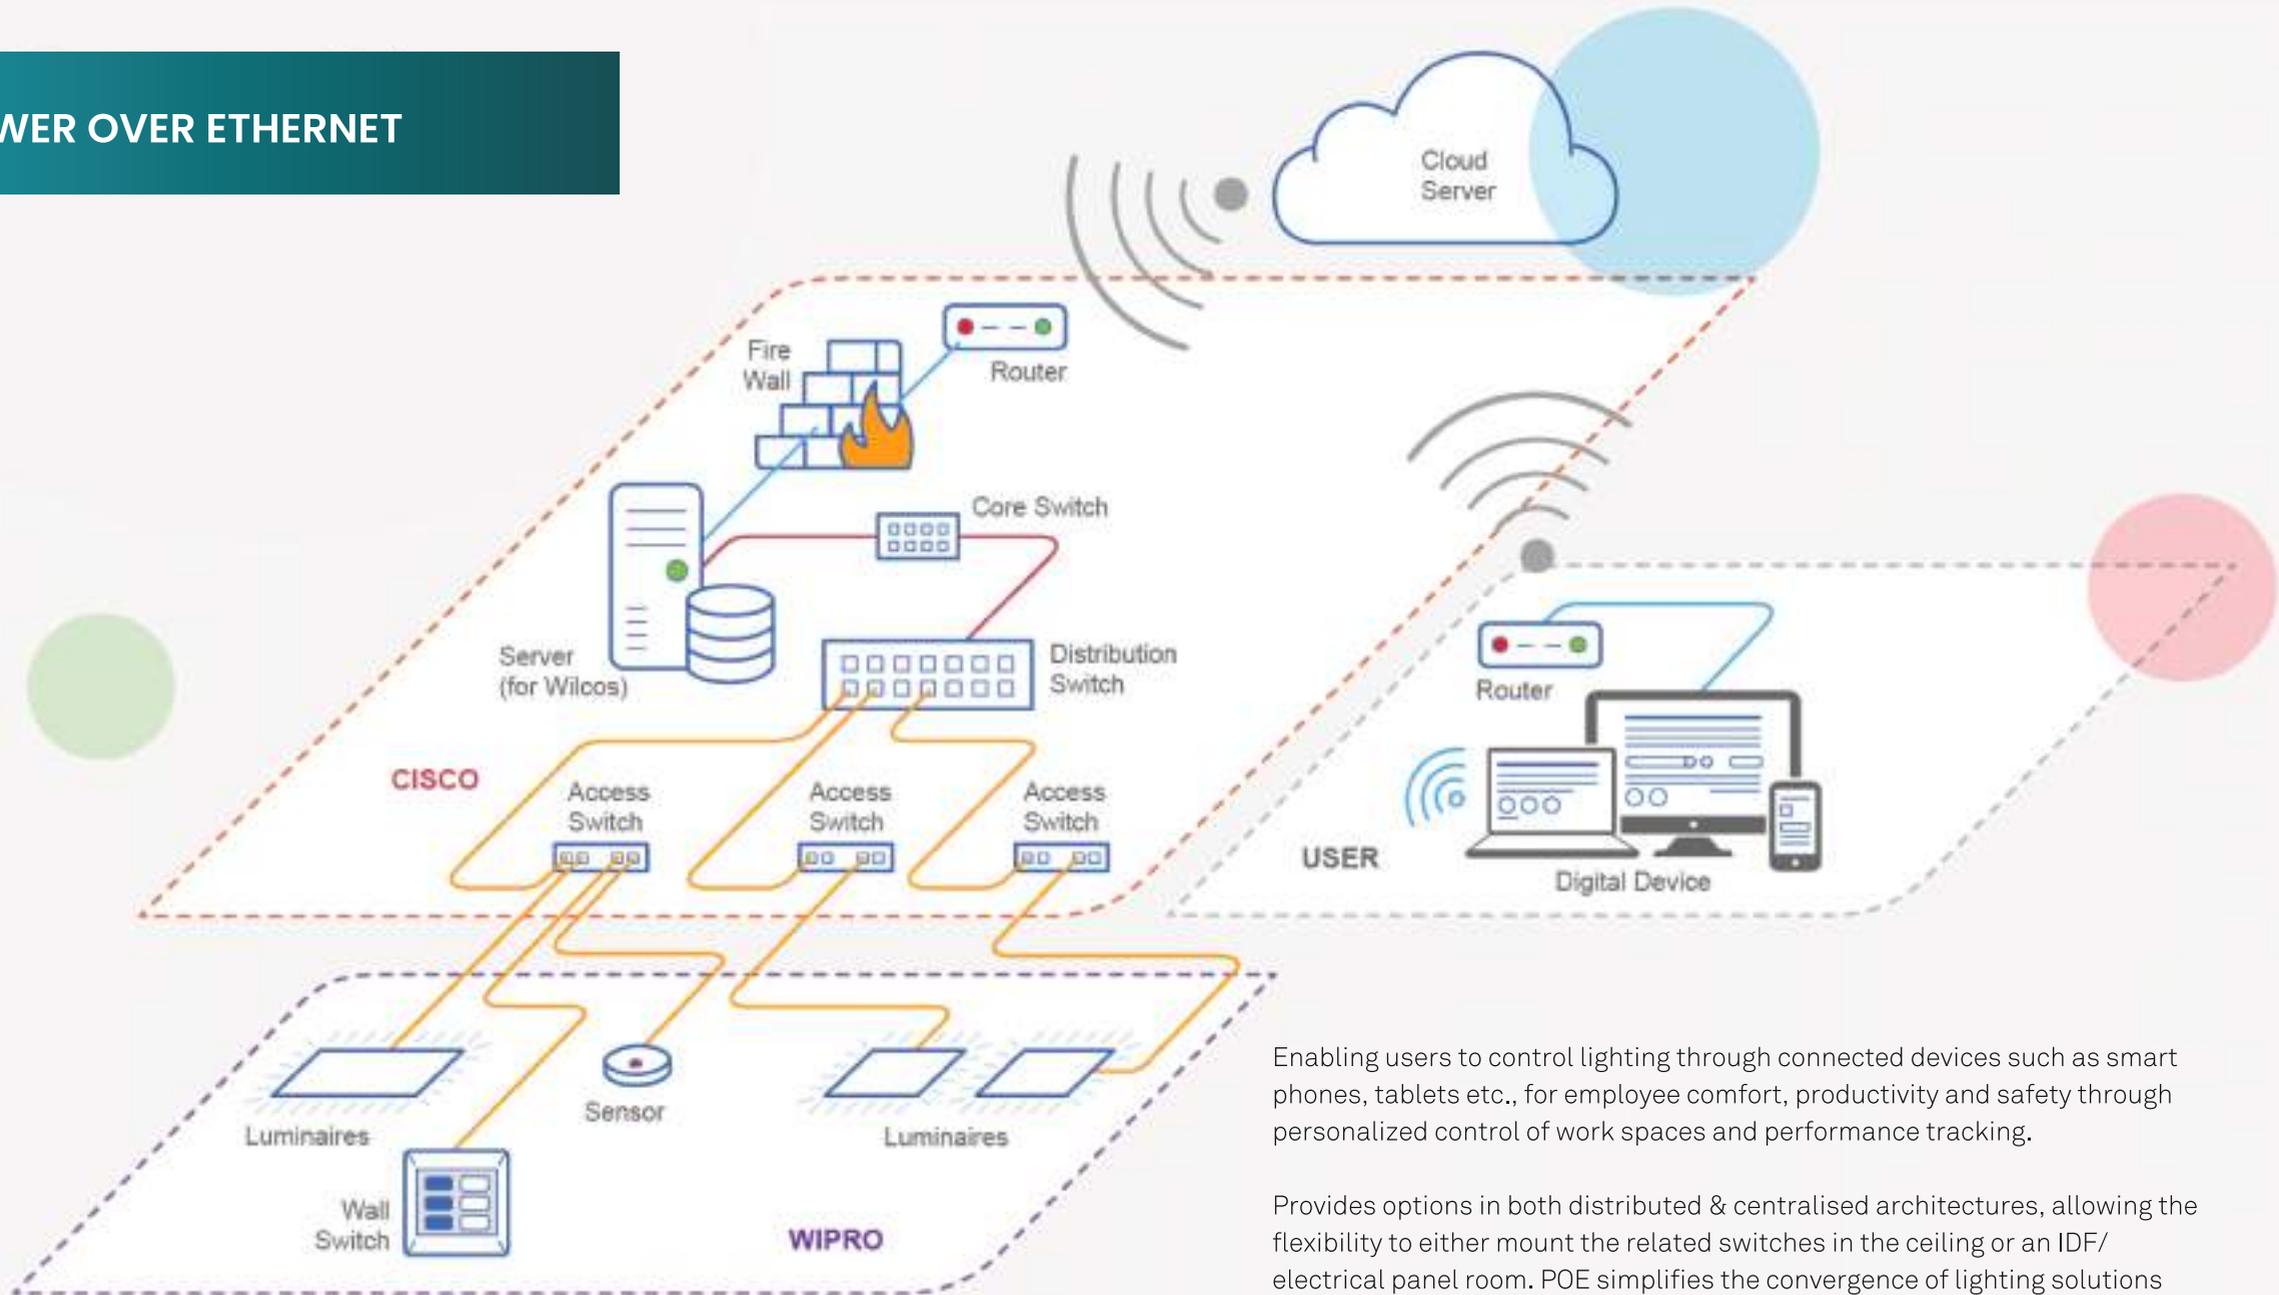

Enabling users to control lighting through connected devices such as smart phones, tablets etc., for employee comfort, productivity and safety through personalized control of work spaces and performance tracking.

Provides options in both distributed & centralised architectures, allowing the flexibility to either mount the related switches in the ceiling or an IDF/electrical panel room. POE simplifies the convergence of lighting solutions with building automation systems over IP without compromising lighting efficiency, maintenance, product life and security.
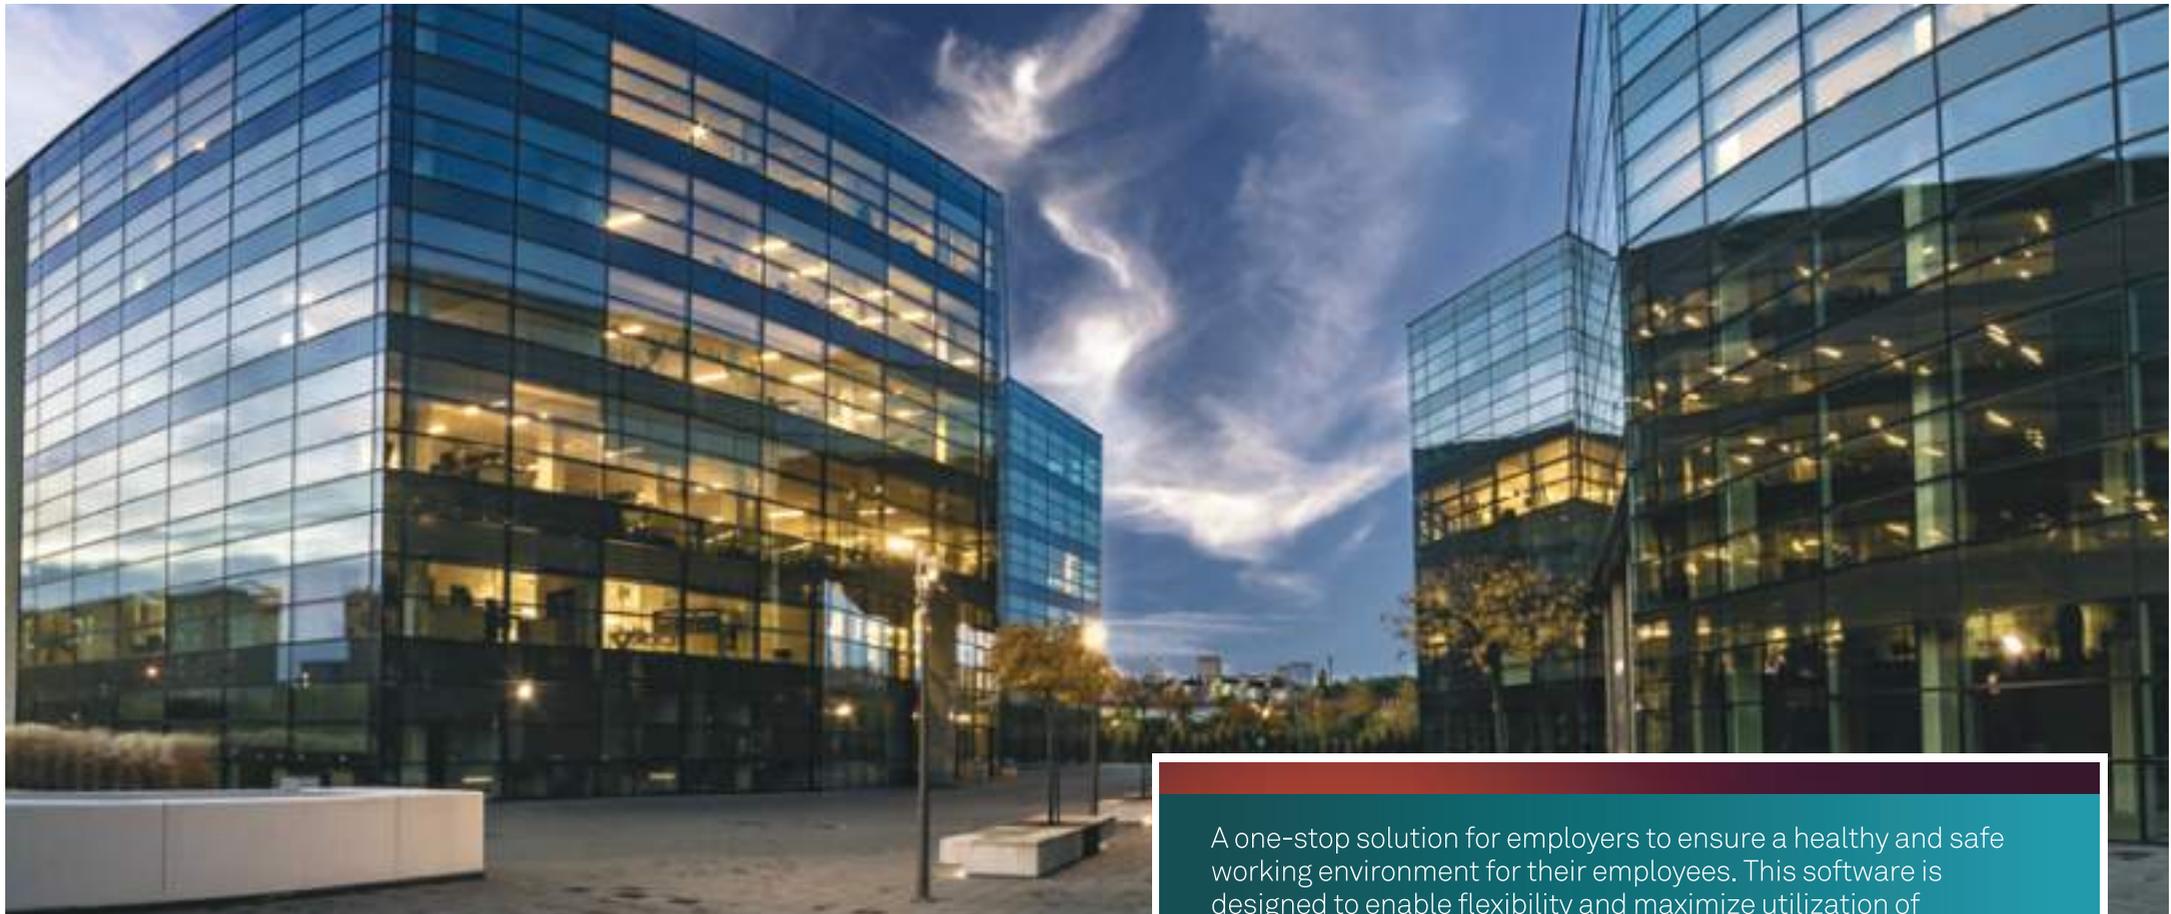

A one-stop solution for employers to ensure a healthy and safe working environment for their employees. This software is designed to enable flexibility and maximize utilization of office space for employees.
Organizations need to align schedules and working patterns of employees and their teams. Employees need to be confident about working safely. They need to have prior information about the spaces they access, as well as availability of conference rooms for conducting meetings. Keeping employees informed real-time and ensuring they are evenly spread in the office is essential. With Office Shifts technology, organizing teams together, anticipating and updating office capacity quickly, is simply hassle-free. The software is available as a subscription-based model (SaaS). It can be scaled and upgraded depending on the policy changes organizations need to make.

INTRODUCING THE BRILLIANCE OF INDUSTRY 5.0

industry 5.0

The next revolution in the lighting industry integrates humans with efficient, intelligent, and accurate machines. While Industry 4.0 revolutionized automation, Industry 5.0 recentres itself around the "human" factor and focuses on human-machine collaboration for creating a sustainable future. Wipro C&I Business has taken the lead to revolutionize the industry by integrating the human touch in Industry 5.0. It proudly presents the Latest range of Lighting, Indoor Air Quality, and Anthropometric Seating Solutions keeping human wellness in focus.

THE HUMAN-MACHINE EQUILIBRIUM

RIGHT LIGHTING SOLUTIONS

- Improves concentration and alertness
- Improves business output
- Reduces fatigue & scope of errors
- Reduces absenteeism

BEYOND LIGHTING SOLUTIONS

CLEANROOM & STERILE AREAS

Lighting solutions to facilitate perfect vision for ZERO error zones.

Lighting in the zero-containment zone plays a critical role in complying with the stringent norms of cleanrooms. With over 25+ years of experience and being the pioneers of lighting for cleanroom facilities in India, the Vision LED range of cleanroom luminaires have been thoroughly developed to cater to the diverse requirements and applications. With options like top maintainable/bottom maintainable, recess/surface mounting, and various cut-out dimensions and frame materials, it has been widely adopted in pharmaceutical, food & beverages, electronics, and semiconductor industries across the country.

Lighting for Photosensitive Drugs

Normal Cleanroom Environment

Monochromatic Cleanroom Environment | **585nm**

Light-sensitive drugs require protective measures during formulation development, including the use of excipients and photostability testing. In manufacturing, long-wavelength brown light (500-800 nm) should be used to protect these products.

Wipro Vision LED Luminaire uses selected special LEDs of Monochromatic Light Output. Wipro has selected 585nm LEDs which give output in the range of 580 to 590nm only. This helps customers get exact monochromatic light without any other wavelength thus maintains the effectiveness of the medicine under preparation not reacting with the light-sensitive APIs leading to impurities.

• Cutout Dimensions: *300mm x 300mm | **600mm x 600mm
• Above codes are suitable for 50mm ceiling thickness. For 080mm ceiling thickness, replace 050 with 080 in the above codes
• Also available with high efficacy,dimming, stainless steel bottom frame, dual CCT & Monochromatic
• IP65 from bottom post installation

wipro lighting

MANUFACTURING PLANTS & INDUSTRIES

Lighting plays critical factor in manufacturing and heavy industries where continuous high productivity and safety is of utmost importance. Wipro's best-in-class industrial lighting solutions are specifically designed to deliver high light output with low energy consumption and a maintenance-free, long service life.

Wipro's light with its unique features of low glare, multiple beam angle options, CCTs ensure that the workers feel safe and comfortable to work under the light ensuring reduced fatigue, improved concentration, and reduced absenteeism. This results in enhanced employee productivity, building positivity and promoting workplace safety with reduced Total Cost of Ownership (TCO).

BLAZELINE™

Illuminating safety

Introducing the legacy of Wipro in flameproof lighting too!

Lighter in weight and safer than ever before, Blazeline is the new standard for lighting in hazardous zones. The Blazeline range brings with it a solution-centric approach, uncompromised quality, highest lumen efficacy, optimal design and light output, best-in-class photometry and unmatched performance. Get ready to go beyond just safety with Wipro's Blazeline range of solutions.

CIMFR Certified   **PESO** Certified

Blazeline | Flameproof Highbay

OUTDOOR LIGHTING

Streetlights, Floodlights and
Landscape lighting range

Modern lifestyle has impacted our schedules
stretching their way into midnight. This has
increased the need for illuminating outdoor
spaces uniformly and efficiently.

Wipro Lighting provides a vast range of
outdoor lighting luminaires with special
features, particularly designed to meet wide
ranging lighting needs.

The precision optical design and uniform
light distribution enhance safety on roads.

Our luminaires have advanced LED
technology for higher energy savings, with
contemporary styling that blends with
urban architecture.

STREETLIGHT

The aesthetics and compact design of the LED streetlight suits the urban architecture and have a long life and sturdy performance. The LED Streetlight are high on energy savings and offer the right illumination to ensure smooth flow of the traffic. Lighting plays a pivotal role in ensuring a smooth traffic flow and the safety of the residents. LED streetlight is an energy-efficient, long-lasting and a cost-effective choice for the futuristic cities. Wipro LED streetlight systems are versatile enough to be managed, maintained, and monitored with ease. In addition, the CO2 emission is lower as compared to conventional lighting sources, hence promoting a greener and better tomorrow.
