■ Dimensions: Height x Width x Depth

Special Features

- ▶ Moulded with outside knock-outs for wide on-site applications
- ▶ Customized terminals as per specified make / applications
- ▶ Special grade available for installation at hazardous & acidic atmospheric areas
- ▶ Accessory available : Hinges, DIN Rails
- ▶ Industrial Matt scratch resistant finish

Applications

- ✓ Wide junction and termination requirements at Electrical, Electronic, Telecom and instrumentation installations
- ✓ Installation in Industry, Commercial, Residential & office complexes
- ✓ Defense & Aero Space
- ✓ Community & Street lighting poles

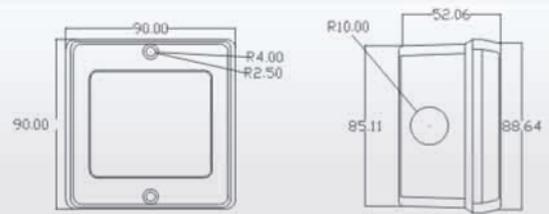

90 x 90 x 50 mm

Ideal for

- ✓ Terminals of 2.5mm²
- ✓ Terminals Push button type
- ✓ PG-16 and PG-19

Part No. 1001

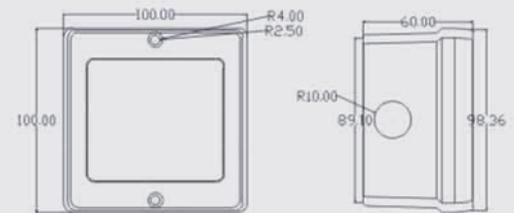

100 x 100 x 60 mm

Ideal for

- ✓ Terminals of 2.5mm², 4mm² & 6mm²
- ✓ PG-19 and PG-21

Part No. 1002

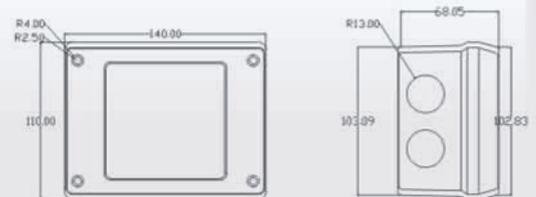

110 x 140 x 70 mm

Ideal for

- ✓ Terminals of 2.5mm², 4mm², 6mm² & 10mm²
- ✓ PG-21 and PG-29

Part No. 1003

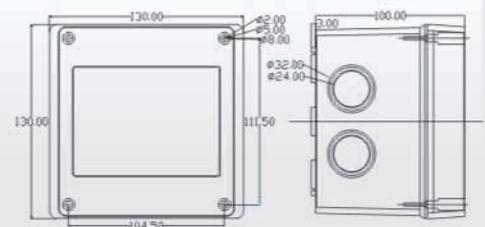

130 x 130 x 100 mm

Ideal for

- ✓ Terminals of 4mm², 6mm² & 10mm²
- ✓ PG-29

Part No. 1004

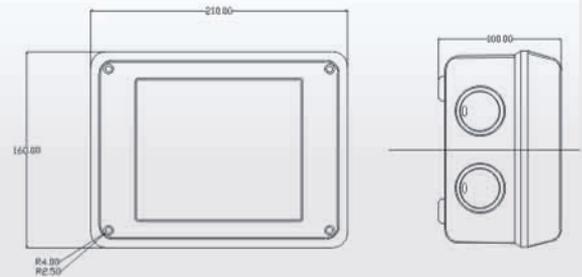

130 x 170 x 80 mm

Ideal for

- ✓ Terminals of 4mm², 6mm² & 10mm²
- ✓ PG-21 & PG-29

Part No. 1005

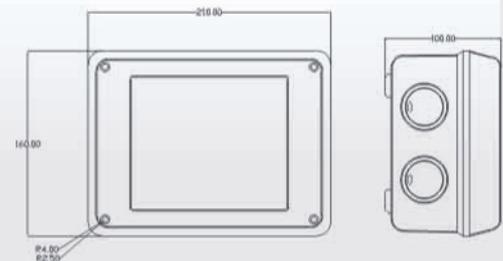

170 x 210 x 100 mm

Ideal for

- ✓ Terminals of 4mm², 6mm² & 10mm²
- ✓ PG-29

Part No. 1006

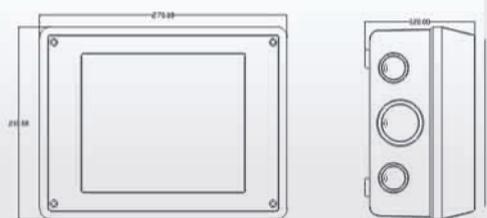

210 x 265 x 120 mm

Ideal for

- ✓ Terminals of 4mm², 6mm² & 10mm²
- ✓ PG-29

Part No. 1007

SALIENT FEATURES OF NEPTUNE ENCLOSURES

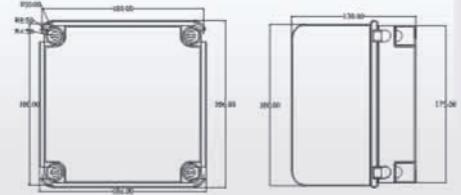

- ✓ Manufactured from High Grade Engineering Plastic
- ✓ Insulated for Electrical Applications
- ✓ High resistant to Chemical and Atmospheric Agents
- ✓ IP 65 Weather Proof and Corrosion Proof
- ✓ UV Stabilized and VO Flame retardant on request
- ✓ Light in Weight for easy handling
- ✓ No Post Processing required e.g. Powder coating / Galvanizing
- ✓ Colour : Standard white / Special colour on request
- ✓ Excellent Toughness and High Impact Strength

■ Dimensions: Height x Width x Depth

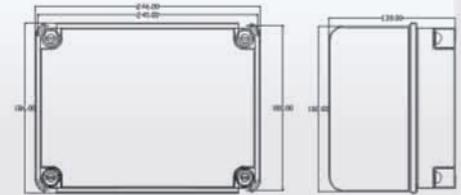

180 x 180 x 135 mm

Part No. 6180

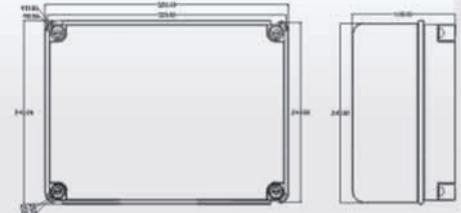

180 x 240 x 135 mm

Part No. 6260

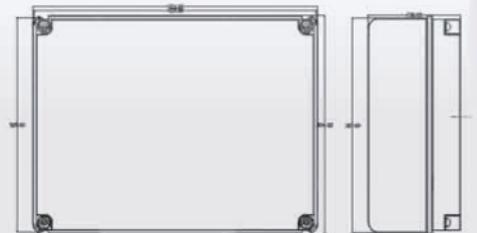

240 x 320 x 135 mm

Part No. 6320

320 x 420 x 135 mm

Part No. 6420

420 x 640 x 160 mm

Part No. 6520

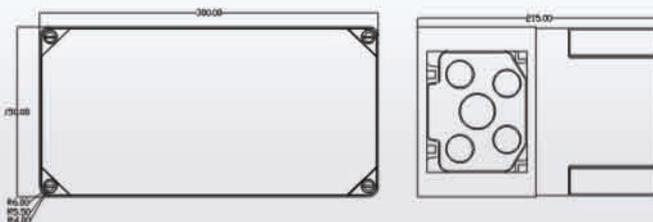

MODULAR DISTRIBUTION BOARDS

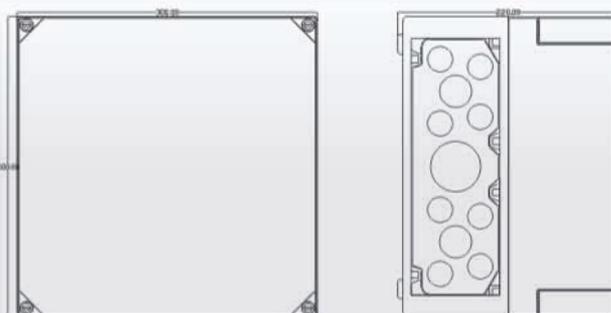

150 x 300 x 215 mm

Part No. 9150

300 x 300 x 215 mm

Part No. 9300

450 x 300 x 215 mm

Part No. 9450

600 x 300 x 215 mm

Part No. 9600

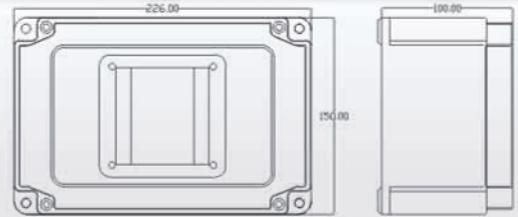

■ Dimensions: Height x Width x Depth

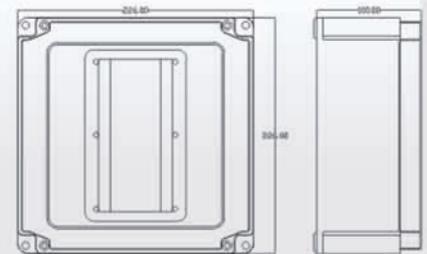

160 x 225 x 100 mm

Part No. 4 Way

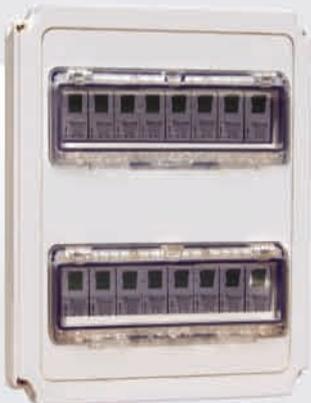

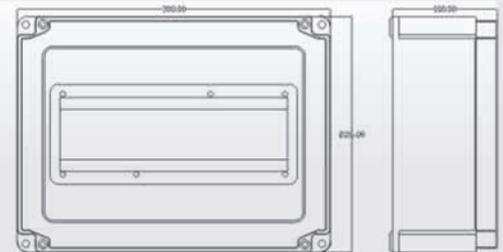

225 x 225 x 100 mm

Part No. 8 Way

300 x 225 x 100 mm

Part No. 12 Way

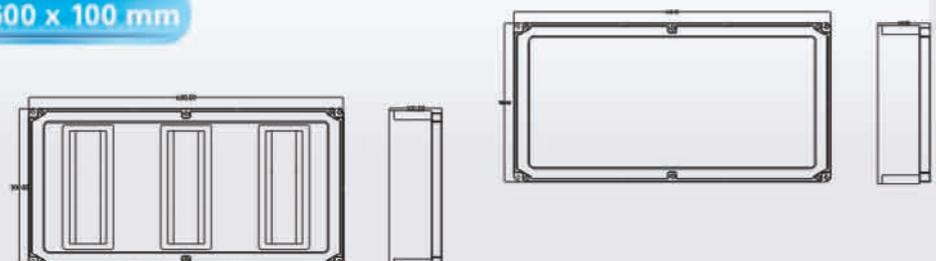

300 x 400 x 100 mm

Part No. 24 Way

300 x 600 x 100 mm

Part No. 36 Way

CUSTOMIZED SOLUTIONS

Surface Mounting & Portable Socket Outlet combinations

Polycarbonate Enclosures

Salient Features

- ✓ Customization is viable in any available shape/size as per requirement
- ✓ Weather Proof & Corrosion Proof
- ✓ High impact strength
- ✓ Light in weight for easy transportation
- ✓ Also available with stand and canopy
- ✓ High surface finish & stain resistant

High grade Rubberized boxes & Enclosures

Salient Features

- ✓ Customization is viable in any available shape/size as per requirement
- ✓ Weather Proof & Corrosion Proof
- ✓ High impact strength
- ✓ Light in weight for easy transportation
- ✓ Also available with stand and canopy
- ✓ High surface finish & stain resistant

Metallic Feeder Pillar

Salient Features

- ✓ Made of CRCA Sheet
- ✓ Powder coated (9 stage process)
- ✓ Excellent toughness & High impact strength
- ✓ Customized as per requirement
- ✓ Ideal for indoor and outdoor purpose
