About Us

Shri Shyam Steel & Wire Industries is a manufacturer and supplier of a diverse range of products, including Concertina Coil, Chicken Wire Mesh, Industrial GI Wire, Mild Steel Annealed Wire, and more. Our commitment to delivering superior products at reasonable prices, coupled with fair policies and a customer-centric approach, has established us as the preferred choice for customers. The foundation of our quality lies in the meticulous selection of raw materials, and we take pride in our association with trusted vendors who share our commitment to excellence. We understand that the journey from raw material to the final product is critical, and to ensure precision and efficiency, we have equipped our production unit with state-of-the-art facilities. This enables us to seamlessly execute production, packaging, and other tasks, delivering products that meet and exceed industry standards.

Our customer-driven approach is not just a philosophy; it is embedded in our day-to-day operations. We value transparency, fairness, and reliability, ensuring that our clients not only receive top-notch products but also experience a seamless and satisfying business relationship with us.
